Behavior during storm

In case of fire

medical emergency

Power failure

Operational level

- Communication between organizers and visitors will be facilitated
- Communication between the responsible employee and the emergency service will be facilitated
- Clarity about their own actions
- Traceability of their own actions

Psychological level

- More competence in crisis situations
- More certainty of action
- Awareness of the responsibility

Result

- increased trustability from the visitors to the organizer
- the overall feeling of safety will be stronger.

Content and design of emergency cards

- Clear brief information
- Logical order of Instruction
- Color-coding for a better differentiation
- No complicated technical terms
- Clear typeface
- Consider the reading position

Behavior during storm

**Keep calm and
proceed as follows!**

FIRST STEPS

- check power connection
- protect connections against wetness
- secure loose objects!
- secure empties!
- close tents completely!

DECISIVE ACTION CLEAR COMMUNICATION REPEAT INSTRUCTIONS

thunderstorm

- tents are not safe!
- electrical discharge
- hail !
- keep distance to metal parts

(scaffolding parts / fence)

storm

- squalls
- flying parts!
- hail !
- cleaning up after the storm!

call technical service

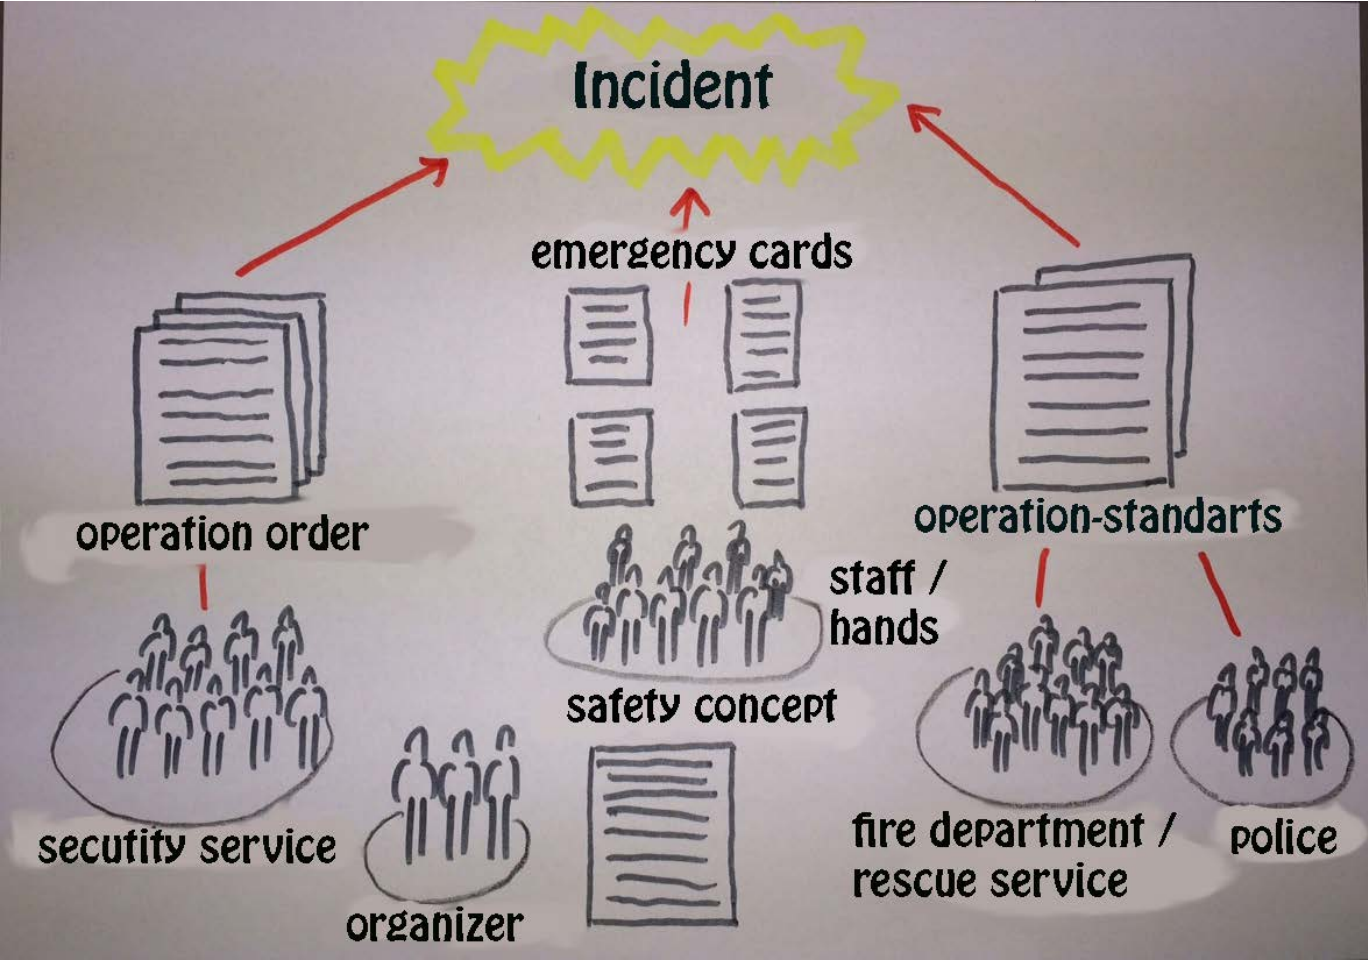

- **Which** areas are affected?
- **What** kind of disorder?
- **Who** is calling? (yor full name and phone number)
- **Wait** for further questions!

first steps

- **Calm down the audience!**
- **Secure valuables!**
- **Wait for instructions!**

**Instruct
technical-service**

CONGRATULATIONS!

YOU BELONG
TO THE **5%**

OF ALL VISITORS
WHO ACTIVELY DEAL
WITH THE TOPIC
OF SAFETY.

INFORM YOURSELF IN ADVANCE OF ...

... safety instructions and emergency numbers
from the organizer
(program, website, app)

... the weather report

... the event site

... a safe trip to and from the
event

DO YOU WANT TO EXPERIENCE AN UNFOR- GETTABLE EVENT?

YOUR CHECKLIST

SO THAT NOTHING
CAN GO WRONG,
KEEP IN MIND:

Admission
ticket

Cash

ID

Fully charged
cellphone

Plastic bag
just in case
(storm, for
sitting on,
etc.)

Sun pro-
tection
(sunscreen,
sunhat, etc.)

Rain gear

Protection
against the
cold

Hygiene
products

Don't forget
your good
mood and
nice friends!

TAKE CARE OF YOUR- SELF AND OTHERS!

Of course, a colorful cocktail or a cold beer is often part of an event! But keep in mind that, while you drink alcohol, heat, lack of sleep, and an empty stomach can enhance the effect of alcohol.

Do not experiment with drugs or medications.

You don't feel well – then it makes sense to stay at home!

IN AN EMERGENCY: SHOW COURAGE!

YOU ARE **SAFETY** ...

FIRE:

1. First rescue helpless people from the danger zone.
2. Attempt to extinguish the fire.
3. Proceed to one of the meeting points for emergencies.

STORMS:

1. In case of strong squalls, pay special attention to flying objects.
2. Do not seek shelter in the open during a storm – tents and trees do not protect from lightning.
3. The inside of a car is a good shelter. If you are close to a car, use this for your friends and yourself.

MEDICAL EMERGENCY:

1. Make an emergency call.
2. Initiate first aid measures.
3. Act reassuringly toward the affected person until the emergency medical service arrives.

YOUR OWN SAFETY IS ALWAYS THE HIGHEST PRIORITY!

You can help others only if you are safe!

IN THE CASE OF AN INCIDENT:

ALWAYS KEEP CALM!
DON'T PANIC!

Inform the organizer or the
security staff.

110

If in doubt, call 110 – there is no
unjustified call!

Always pay attention to the inst-
ructions from the security staff.

NO-GOS

AS A TEAM, WE DO EVERYTHING TO MAKE THE EVENT A TOTAL SUCCESS.

YOU CAN HELP US.

Refrain from climbing over barriers and fences – you are putting yourself and others in danger!

Carrying dangerous or prohibited items is forbidden.

Anti-social behavior is an absolute **no-go!**

Thank you!
